

September 30, 2015

Dear Harrisburg Resident:

The City of Harrisburg has contracted with Road Guy, Inc. to chip seal your street. Their plan, weather permitting is to be here within the week to complete the work. The street needs to be swept prior to the chip seal being done. To assist them and the city we ask that you **do not park** on the street until the chip seal has been completed.

Thank you for your assistance.

Harrisburg City Maintenance Department
